**MICHAEL NORTORN** . . . Mike "Thunderbird" Northorn is one of the better gym boys of the school. . . took shop for four terms.

On that very important evening in June when the members of the June '44 class march down the aisle to receive their diplomas, they will be on the threshold of having achieved what no other class before them has done—passed four full school years at Lincoln.

Pioneers indeed, and like true pioneers it was their job to build the traditions that Lincoln was to go by in the future. The four years passed rapidly; first was a Junior Prom; then, a Low Senior Brawl. The seniors started new yells, new ideas for spirit at the games, by card tricks. All these things the class has taken the larger part in bringing about. All of this they can look back on in later life and feel proud to say that they are graduates of Lincoln High School. They are a big part of Lincoln's football championship, many of the boys graduating were on that team of teams.
